

Citrus II®

PROTECTS
YOU AND YOUR
CLIENTS!

PEDICURE FOOT SPA CLEANING AND DISINFECTING SYSTEM

Don't risk the nightmare of serious problems in your salon; infections, inspections and expensive fines, costly civil lawsuits, and the closing of your shop!

Our Pedicure Foot Spa Cleaning and Disinfecting System enables you to meet or exceed the mandatory pedicure foot spa sanitation requirements in any state in the country. Cleans and disinfects to protect you and your clients!

The System Contains:

Citrus II 22 oz. Salon & Spa Spray Cleaning Gel

- Contains liquid chelating surfactant detergent.
- Breaks down residue from pedicure creams and oils so the Germicidal Cleaner Concentrate can effectively kill any germs.

Citrus II 32 oz. Germicidal Deodorizing & Disinfecting Cleaner Concentrate

- Bactericidal, virucidal, fungicidal, mildewstatic to kill a wide range of germs.
- Fresh clean citrus scent.
- Comes in a special container so you always use the right amount with no spillage.
- Dilution rate is 1/2 oz. of concentrate per gallon of water.

Pedicure Foot Spa Sanitation Guidelines*

- Enables you to comply with your state's regulations.
- They're written in English, Vietnamese, Korean, and Spanish.

Colorful Window Decal

- Lets your clients know they're protected.

Proper sanitation in three easy steps!

1. **Scrub It** with the Spray Cleaning Gel!
2. **Rinse It!**
3. **Soak It** running the Germicidal Cleaner Concentrate through the machine!

Citrus II products are made in accordance with EPA and FDA requirements.

* The Pedicure Foot Spa Sanitation Guidelines are written by Nancy King, salon safety and sanitation expert.
